Mocktail Cookbook:

6 Alcohol-Free Drink Recipes

Created in partnership with a registered dietitian, the recipes in this cookbook aim to provide you with refreshing, soothing, and nourishing alcohol-free beverages (also called mocktails) that can bring comfort and joy. Throughout these pages, you'll find drinks that are rich in vitamins, antioxidants, and hydration—key components for maintaining strength, energy, and well-being.

Whether you're in cancer treatment or a survivor, embrace a sober lifestyle, or simply seek healthier alternatives, these mocktails have been carefully crafted to support your body and spirit.

Scientific evidence from the [National Cancer Institute](#) shows that people who drink alcohol have a higher risk of developing certain kinds of cancer, including breast cancer. The more alcohol someone drinks, the higher the risk.

Because drinking alcohol can increase your risk, many people choose to limit or eliminate alcohol from their diets. But limiting or eliminating alcohol doesn't have to take away the small pleasures, like enjoying a delicious drink with friends or family. This collection of mocktail recipes is designed to be a safe and flavorful way for you to relax and indulge without worrying about alcohol impacting your health or potential treatment.

Here's to moments of joy and wellness—one sip at a time.

Note: Unless specified, each recipe in this cookbook makes one mocktail. [Click here](#) for a printer-friendly version of these mocktail recipes.

Pomegranate Citrus Mocktail

Packed with the antioxidant power of pomegranate and the bright, zesty flavors of citrus, this drink is as uplifting as it is delicious.

Ingredients

- 2 oz pomegranate juice
- 1 oz orange juice
- ½ oz lime juice
- 2 oz club soda
- Lime and orange slices for garnish (optional)

Directions

Combine all ingredients and shake in a cocktail shaker or stir well. Serve over ice. Option to garnish with lime and orange slices.

Blackberry Mojito Mocktail

Sweet, juicy blackberries add a rich depth of flavor to the traditional mint and lime, creating a vibrant and cooling drink.

Ingredients

- **½ oz** simple syrup (see [preparation directions](#))
- **7** mint leaves (or more!)
- **½ cup** blackberries
- **¾ tsp** sugar*
- **1 tbsp** lime juice
- **1 cup** sparkling water or club soda (lime flavored goes great!)
- Blackberries and mint for garnish (optional)

Blackberry Mojito Mocktail

.....

Directions

Add the mint, blackberries, sugar, and lime juice to a glass. Muddle until the berries are broken up. To muddle the berries, place them into a sturdy glass and use a muddler—a bartending tool—or the back of a spoon to gently press and twist them against the bottom. Add in the simple syrup and sparkling water. Garnish with fresh berries and mint. Enjoy!

**Substitute allulose for sugar for a low-sugar alternative. Allulose is about 70% as sweet as sugar, so you may prefer to add more for a sweeter drink.*

Espresso Martini Mocktail

With rich, smooth espresso and a touch of sweetness, this mocktail mimics the classic espresso martini's bold and energizing flavor, minus the alcohol.

Ingredients

- **2 oz** espresso, chilled
- **1 oz** simple syrup (see [preparation directions](#))
- **¼ tsp** pure vanilla extract
- **1½ tbsp** heavy whipping cream*
- **Pinch** of sea salt
- Coffee beans for garnish (optional)

Espresso Martini Mocktail

.....

Directions

Add ingredients into a cocktail shaker with ice and shake well. Strain into a martini glass. Option to garnish with whole coffee beans.

**To make this mocktail dairy-free, use the same amount of dairy-free creamer or coconut cream to replace the heavy whipping cream.*

Grapefruit Spritz Mocktail

With the refreshing tartness of grapefruit and a hint of sweetness with a fizzy finish, this mocktail is both vibrant and invigorating.

Ingredients

- **3 oz** orange juice
- **3 oz** grapefruit juice
- **5 oz** club soda or sparkling water
- Fresh orange slices, grapefruit slices, and rosemary for garnish (optional)

Grapefruit Spritz Mocktail

Directions

Add ice to a large wine glass. Pour in all liquids and stir well. Option to garnish with fresh orange or grapefruit slices and rosemary.

Sangria

Mocktail

Bursting with a blend of fresh fruit and refreshing citrus, this mocktail is a celebration in a glass.

Ingredients

- ½ apple, cored and chopped
- 1 lemon, sliced
- 1 lime, sliced
- 1 orange, sliced
- 3 cups grape juice
- 1 cup cranberry juice
- 1 cup orange juice
- 2-3 cups sparkling water

Sangria Mocktail

.....

Directions

To a large pitcher, add sliced fruit and all juices. Mix well and chill in the refrigerator for 4-6 hours. Add sparkling water right before serving. Garnish with fresh fruit, if desired.

This recipe makes 1 pitcher of sangria that serves 6-8.

Spicy Margarita Mocktail

With the zesty tang of lime, a touch of sweetness, and a kick of heat from fresh jalapeño, this drink brings all the vibrant flavors of a classic margarita without the alcohol.

Ingredients

- 4 oz lime juice
- 1 oz orange juice
- 2 oz sparkling water, lime flavored
- 1 oz jalapeño simple syrup (see [preparation directions](#))
- Lime wedges, jalapeño slices, salt, or tajin for garnish (optional)

Spicy Margarita Mocktail

.....

Directions

Rim your glass with lime juice by running a lime wedge around the edge of the glass. Then dip the rim of the glass into a plate of salt or tajin, ensuring it's evenly coated. In a cocktail shaker, add lime juice, orange juice, sparkling water, and jalapeño simple syrup. Fill the shaker with ice and shake vigorously for about 15 seconds until well-chilled. Pour into the prepared glass over ice. Option to garnish with limes and fresh jalapeños.

Simple Syrup Preparation

Simple syrup is a liquid sweetener typically made by heating sugar and water until it becomes a clear, slightly thickened syrup. It is an essential ingredient for sweetening different types of cold drinks, such as cocktails, mocktails, iced coffee, and lemonade.

Several recipes in this mocktail cookbook include simple syrup. Use the directions below to prepare the simple syrup to add to each recipe that requires it.

Simple syrup ingredients

- 1 cup water
- 1 cup sugar*

Simple syrup directions

Add the water and sugar to a saucepan and bring to a boil. Stir occasionally and remove from heat once sugar has dissolved. Let the syrup cool to room temperature before using or storing. Store in the refrigerator for up to 3 weeks.

Jalapeño simple syrup

For jalapeño simple syrup, follow the instructions above and add ¼ cup of sliced jalapeños, with seeds (about 1 jalapeño), to the mixture. If storing, you can leave the jalapeños in for extra spice over time, or remove them for a milder syrup.

**For a low-sugar mocktail, try substituting allulose for sugar. Allulose is a low-calorie sweetener that does not affect blood sugar or insulin levels. It is not as sweet as sugar, so you may prefer to add 1 1/3 cups of allulose to replace 1 cup of sugar.*
